Recommended Personal Gear

High Country Pack Trips

Pack trip clothing quantities may vary for trip duration. It is important to be able to layer your clothing to reflect the diverse mountain weather.

Remember, all loads go on the back of a horse and they have to be balanced. We provide heavy duty duffel bags for your clothing. This makes our loads consistent and easy to balance. Your duffel bag should weigh no more than 30 lbs. Mine usually weighs about 24 to 28 lbs., depending on the trip's duration. We also provide tents, (2guests per tent), thermarest sleeping pads, rain slickers with each saddle and saddle bags for each guest.

YOU SHOULD BRING:

- **Sleeping Bag**- Rated to 20 Degrees. Your bag should be in a compression stuff sack. Goose down filling in your bag is an excellent choice. Avoid large and bulky bags.
- **Lightweight Gloves**
- **Riding Boots or Hiking Boots** (Waterproof)
- **Camp Shoes**
- **Broad Brimmed Hat** (Water Repellant)
- **Sunglasses**
- **Small Flashlight**
- **Knife**
- **Toilet Articles**- Soap, towel and washcloth.
- **Sunscreen, Chapstick, Insect Repellant**
- **Camera, Binoculars** (Optional, but handy.)

RECOMMENDATIONS FOR LAYERED CLOTHING

- **Jeans (loose fitting) and set of long underwear.**
- **1 or 2 Chamois Shirts**
- **1 or 2 Canvas Shirts**
- **Several Heavy T-shirts**
- **Underwear and socks**
- **Handkerchiefs**
- **Lightweight Parka (Gore-Tex is excellent)**
- **Sweater or down vest.**
- **Jacket (If you have a tendency to be cold natured.)**

If you intend to fish on the trip, please see our fishing gear list for recommended Rods, Reels and Flies.
